## PROJECTS

**CS 146 Website Development**— *In groups of four, students were asked to use their knowledge of HTML, CSS and Javascript to design a website of their choice.*

**Inclusive Leadership Research**— *Participated in research over summer regarding inclusive leadership.*

*Each person was assigned a task, and mine was to gather names and emails of people who would be willing to be interviewed about how they show inclusiveness within the workplace. I had to reach out to people and ask them for their time to do interviews. I was given a prompt to use when emailing the people on the list that was created on extensive research about who portrayed the traits of an inclusive leader.*
